

I would like to let you know how embarrassed I was at the behavior of my fellow San Antonians at Wednesday night's hearing. Please know that we are not all that misinformed and ill-mannered. In addition, as a 100% Hispanic, I would like to point out that Lydia Camarillo made a false statement when she said she "speaks for all Latinos..." She DOES NOT speak for me! She would have been more truthful if she had said she "speaks for a small group of uneducated, ill-mannered latinos".  
Thank you.
